PSA Introduces 'PhilSys On Wheels' to Extend PhilSys Registration

Date of Release: 03 October 2023
Reference No. 2023-PR18

Region 6, Philippines — The Philippine Statistics Authority (PSA) is proud to introduce "PhilSys On Wheels," an innovative mode of registration that brings the PhilSys directly to the doorsteps of communities, particularly in far-flung areas. This initiative is part of the PSA's commitment to amplify registration efforts, ensuring that every eligible Filipino has access to the benefits of the Philippine Identification System (PhilSys).

PhilSys On Wheels rolls into Antique, bringing the benefits of PhilSys registration to every doorstep

PhilSys On Wheels leverages motor vehicles as makeshift registration venues, allowing the PSA's field offices to reach individuals who might not have the time or means to visit fixed registration centers. This mobility ensures that no one is left behind in the journey towards acquiring a PhilID.

This initiative aligns with the PSA's strategy to conduct registration activities per community, aiming to register more residents right within their own neighborhoods. It not only simplifies the registration process but also minimizes the inconvenience of traveling long distances for registration.

In the region, PhilSys On Wheels has made a significant impact by registering 463 individuals. These registrations are a testament to the success of the initiative in reaching even the most remote areas, ensuring that the benefits of the PhilSys are accessible to all residents.
