

PRESS RELEASE

PSA Negros Occidental and GCash Collaborate for KYC On-The-Go Event in Silay City, Negros Occidental

Date of Release: 27 December 2024

Reference No. 2024-PR34

Bringing Services Closer: PSA Negros Occidental and GCash team up for the KYC On-The-Go event at Gaisano Grand Silay, making National ID registration and digital financial access more convenient for the community.

SILAY CITY – The Philippine Statistics Authority (PSA) Negros Occidental, in partnership with GCash, brought National ID services closer to the community during the KYC On-The-Go pop-up booth at Gaisano Grand Silay on December 19-20, 2024. The event offered residents a convenient opportunity to register for the National ID and explore its practical applications, such as using it for financial transactions like opening GCash accounts.

Over two days, 18 residents registered for the National ID system, while 14 ePhilIDs were issued, and several participants downloaded their Digital National IDs. These services were designed to provide attendees with immediate access to the benefits of the National ID, including its role in simplifying identity verification for financial and government transactions.

The event is part of GCash's KYC On-The-Go initiative, which aims to make financial services more accessible to Filipinos by integrating National ID services into their community engagements. Residents who participated were able to link their National ID information to their GCash accounts, demonstrating the ID's value in facilitating modern financial transactions.

Similar KYC On-The-Go events have been held in other parts of the country, including Bulacan, Davao City, and Cebu, showcasing how partnerships between PSA and private organizations can bring essential services to more communities.

PSA Negros Occidental continues its efforts to expand PhilSys registration in the province, working with local and national stakeholders to ensure that all residents can access the opportunities provided by the National ID system.

For more information on National ID registration or upcoming events, visit the nearest PSA office or check the PhilSys website at <https://philsys.gov.ph/>.
